

3 Funeral Home Website & Obituary Traffic Strategies - Swipe Copy

Here are the exact templates that I have used with many clients to increase their traffic to their websites exponentially.

1. After Arrangement Email - Send Immediately to family once obit is approved

Subject: Obituary for [First Name] [Last Name]

Dear [Family Member],

I have uploaded your [Dad's] obituary notice to our website at
<http://www.YourFuneralChapel.com/john-doe>

Feel free to forward this link to friends and family as we have found that it is an easy way to let a lot of people know about services times - especially on such short notice. Let me know if you need help with anything else.

Sincerely,
[Funeral Director]

2. Email to Church & Groups - Send Immediately after email is sent to family

Subject: Obituary for [First Name] [Last Name]

Dear [Church / Group Name],

We are sorry to advise you that your member, [Deceased's Name] has passed away (or died) and his / her family has asked us to let you and your membership know of [Mr / Mrs Last Name]'s upcoming funeral service.

The complete obituary and service details can be found on our website at:
<http://www.YourFuneralChapel.com/john-doe>

Feel free to forward this email and link to your membership as we have found that it is an easy way to let a lot of people know about services times - especially on such short notice. Let me know if you have questions or need help with anything else.

Sincerely,
[Funeral Director]
